Reasons for allowance

The following is an examiner's statement of reasons for allowance: Terminal disclaimer filed on 10/18/2004 overcame the obvious double patenting rejection 5/18/2004. The prior art fail to teach or suggest both (A1) of relative density between 0.910 and 0.940 and (A2) selected from the group consisting of elastomers, very low-density polyethylenes having a relative density of 0.860 to 0.880 and metallocene polyethylenes of polymer (A) wherein both (A1) and (A2) are grafted with an unsaturated carboxylic acid. The prior art, Lee et al. discloses a plurality of grafts on the metallocene resin wherein the plurality of grafts were not cografted together therefore, Lee et al. fail to disclose wherein both (A1) and (A2) are grafted with an unsaturated carboxylic acid.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
